

include/flightstack  
/pixhawk\_interface/vehicle  
\_state.hpp

```
graph TD; A["include/flightstack<br>/pixhawk_interface/vehicle<br>_state.hpp"] --> B["string"]; A --> C["cmath"]; A --> D["atomic"]; A --> E["Eigen/Dense"];
```

A diagram showing the include dependencies of the file `include/flightstack/pixhawk_interface/vehicle_state.hpp`. The main file is in a grey box at the top, and four arrows point down to four white boxes representing the dependencies: `string`, `cmath`, `atomic`, and `Eigen/Dense`.

string

cmath

atomic
