

include/flightstack  
/control/pid/pid\_gains.hpp

```
graph TD; A["include/flightstack<br/>/control/pid/pid_gains.hpp"] --> B["cmath"]; A --> C["algorithm"]; A --> D["Eigen/Dense"];
```

The diagram illustrates the dependencies of the header file `include/flightstack/control/pid/pid_gains.hpp`. Three blue arrows point from the header file box to three separate boxes below it, representing the libraries it depends on: `cmath`, `algorithm`, and `Eigen/Dense`.
