

include/flightstack  
/pixhawk\_interface/vehicle  
\_state.hpp

```
graph TD; A["include/flightstack<br>/pixhawk_interface/vehicle<br>_state.hpp"] --> B["string"]; A --> C["cmath"]; A --> D["atomic"]; A --> E["Eigen/Dense"];
```

A diagram showing the include dependencies of a header file. The header file is located at include/flightstack/pixhawk\_interface/vehicle\_state.hpp. It includes four other headers: string, cmath, atomic, and Eigen/Dense. The dependencies are shown as arrows pointing from the header file to each of the four included headers.

string

cmath

atomic

Eigen/Dense
